# Discover Eur

## A city in the city

### Surprising cultural treasures

- Art and museums, iconic historic monuments, sports and entertainment, restaurants, clubs and sunset bars, shopping malls, outdoor spaces
- Only 10mins from Rome city centre and 20 mins from the seaside
- EUR has also been the cinematic backdrop for many directors, both Italian and international

### A lot of green spaces

- Rome has one of the largest areas of green space amongst European capitals
- EUR has lots of green areas: lake, parks, fountains, offering space for outdoor activities

### Rich in history

- Built to host the Universal Exhibition in 1942
- In the south of the city, built to connect Rome to the sea (Cristoforo Colombo road)

### Iconic architectural style

- Italian movement of “Rationalist Architecture” an architectural style that is unique to Italy

### Rome’s congress hub & business district

- Main headquarters of banks, large institutions and public sector organisations

# Fitness & Wellness

160 m<sup>2</sup>/1722 ft<sup>2</sup> of internal fitness with the latest equipment plus an outdoor terrace with solarium and workout area

Wellness center with sauna, steam bath, body care treatments and massage

## AIR CONDITIONING SYSTEM

The production of cold and hot water for the air conditioning of the building is guaranteed by EUR lake water source. This will result in a substantial reduction in energy consumption

## GAS CO-GENERATOR WITH POWER 260 KWE

The cogeneration plant will allow us to integrate the production of thermal energy. It will also allow to produce energy for self-consumption by the hotel

## 32 KW PHOTOVOLTAIC SYSTEM

On the roof will install a photovoltaic system to guarantee the hotel a considerable self-consumption basis.

## INTEGRATED CONSUMPTION MANAGEMENT SYSTEM

The system monitors the general consumption of the hotel optimizing their use to keep the power peaks and consequently saving electricity

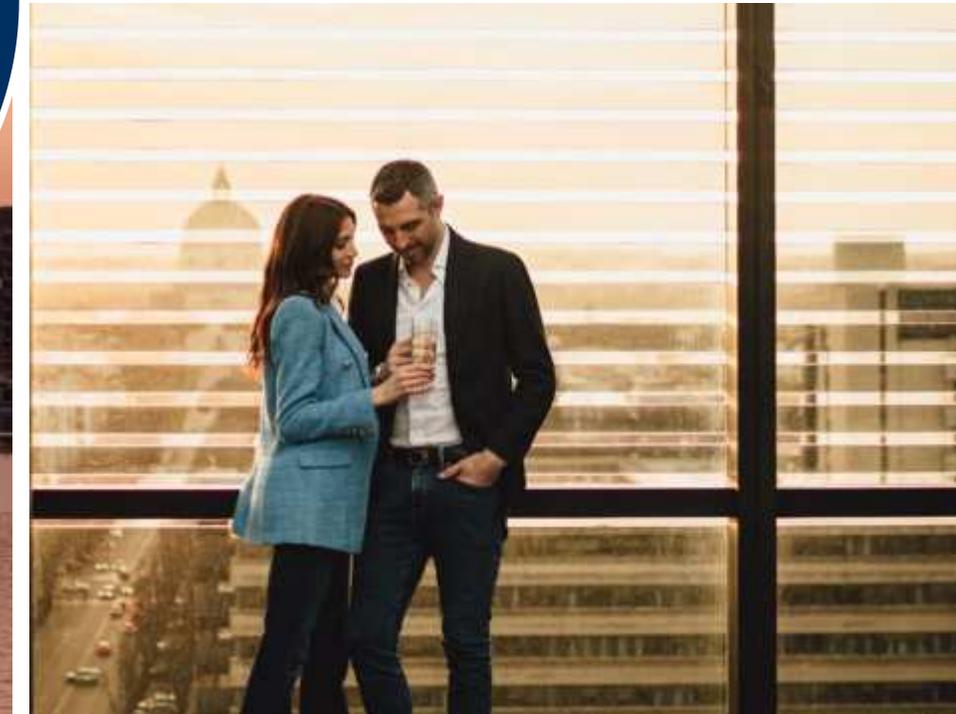

## HOME AUTOMATION ROOMS

Room automation via the Room Management System allows us an additional saving by optimizing energy depending if the guest is in the room or not

EXPERIENCE A  
DESTINATION

Full of  
Life

Visit the museums and admire the rationalist style buildings in white marble and travertine, take a walk along the lake park, take a break in the clubs of the neighbourhood and go shopping in the shopping mall [Euroma 2](#)
